

Mobility Programme for Young and Experienced Researchers Call for Proposals

www.solarnet-project.eu

SOLARNET aims to bring together and integrate major European research infrastructures in the field of high-resolution solar physics, in order to promote coordinated research and development. In this regard, SOLARNET will support the mobility of early stage researchers (ESRs) as well as experienced researchers (ERs) as part of the networking activities foreseen in the Project.

SOLARNET is pleased to announce the **first call** for proposals of its Mobility Programme for Young and Experienced Researchers.

The Mobility Programme has been designed to reinforce the contacts between different solar groups, to enable researchers to have access to first-class infrastructures, to foster joint research, collaboration and development activities where all relevant European research institutions, as well as private companies and other non-EU organizations are involved. The aim of the programme is also to enable highly qualified scientists from Europe to travel abroad to conduct research stays in other non-EU organizations and vice versa to strengthen EU's competence in scientific innovation and technological break-throughs and strengthen international collaboration. SOLARNET achievements are envisaged to be of paramount relevance to contribute towards the realization of the European Solar Telescope (EST).

Applications from young and experienced researchers are welcome, and can be submitted at any time until 31st May 2022. Intermediate deadlines are implemented to allow the evaluation of applications received until specific dates, with:

May 31st 2019
FIRST DEADLINE
for stays to be carried out within the period
September 1st 2019 – February 29th 2020

EC funds will cover travel and accommodation costs for stays from a minimum of 1 month to a maximum of 3 months for young researchers and 2 – 3 weeks for experienced researchers. The amount allocated to accommodation and subsistence costs is 250 €/week.

In order to promote the advancement of equal opportunities for gender in science and in particular to increase gender equality within the SOLARNET Mobility Program, we strongly encourage young female astronomers to apply.

Interested applicants are invited to complete the on-line form available at www.solarnet-project.eu (application forms >> Mobility of Young and Experienced Researchers).

A motivation letter and a brief summary of the proposed work at the host institution, together with a brief CV (max. 2 pages), need to be attached to the on-line form. Applicants are encouraged to contact their proposed host institution in advance.
